## PROFESSIONAL SUMMARY

MCA student (2024–2026) with 4+ full-stack projects spanning MERN, PHP, and .NET, and an active internship at Tech Elecon Pvt. Ltd. Proficient in React.js, Node.js, Express.js, and MongoDB; experienced in building secure, responsive web applications end-to-end. Seeking a Junior Software Engineer role in web development where I can contribute immediately and grow rapidly.

## INTERNSHIP EXPERIENCE

### Software Developer Intern — Tech Elecon Pvt. Ltd.

December 2025 – April 2026

- Contributing to live web application development using the MERN stack in a professional team environment.
- Gaining hands-on exposure to codebase management, version control (Git), and agile workflows.
- Collaborating with senior developers to debug, optimize, and ship production-ready features.

## PROJECTS

### E-Commerce Website (MERN Stack)

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Built a full-stack e-commerce platform with product browsing, category filtering, cart management, and order tracking.
- Implemented JWT-based secure user authentication and protected API routes on the Node.js/Express backend.
- Designed fully responsive UI in React.js with reusable components, improving UX across mobile and desktop.

### Online Shoe Shopping Platform

Tech Stack: HTML, PHP, JavaScript, CSS, MySQL

- Developed a multi-feature e-commerce platform with user login, product booking, location previews, and complaint management.
- Built real-time admin dashboard for order and customer support management, reducing manual processing time.
- Implemented structured MySQL schema enabling efficient data retrieval for inventory and order tracking.

### Pharmacy Management System

Tech Stack: .NET, C#, SQL Server

- Built a desktop application handling employee records, inventory, and customer billing with a secure login module.
- Designed a feedback and billing system that digitized operations, reducing manual data-entry errors.

### Library Management System

Tech Stack: ASP.NET, C#, MySQL

- Developed a web app for issue/return book workflows, student registration, and billing validation.
- Implemented secure authentication and alert systems, eliminating manual paperwork and digitizing library records.

## TECHNICAL SKILLS

|                |                                                    |
|----------------|----------------------------------------------------|
| Frontend       | HTML5, CSS3, JavaScript (ES6+), React.js           |
| Backend        | Node.js, Express.js, PHP (Core PHP)                |
| Databases      | MySQL, MongoDB                                     |
| Languages      | Python, C, C++                                     |
| Tools & Others | Git, GitHub, VS Code, REST APIs, Responsive Design |

## EDUCATION

### Master of Computer Applications (MCA)

Sardar Patel University | 2024 – 2026 CGPA: 5.90

### Bachelor of Computer Applications (BCA)

Charutar Vidya Mandal University | 2021 – 2024 | CGPA: 7.99
